

Experimental Psychology

2018

As its name implies, *Experimental Psychology* publishes innovative, original, high-quality experimental research in psychology – quickly! It aims to provide a particularly fast outlet for such research, relying heavily on electronic exchange of information which begins with the electronic submission of manuscripts, and continues throughout the entire review and production process. The scope of the journal is defined by the experimental method, and so papers based on experiments from all areas of psychology are published. In addition to research articles, *Experimental Psychology* includes occasional theoretical and review articles.

Impact Factor of 1.829 for 2016!
